February 23, 2023

Dear Valued Customer:

It has been an honor to serve all your water needs over the past years in the San Diego area. My water journey began in 1988 in San Diego and after moving to Las Vegas in 2003, starting the Silver Springs Water label in Las Vegas. Silver Springs Water started water deliveries in San Diego in 2014 servicing the greater San Diego metropolis. Circumstances forced us to re-evaluate the San Diego operations and after a lot of thought and, in an effort to move closer to retirement after 35 years in the bottled water business, I decided to sell the San Diego operations. This has been an amazing journey and I thank all of our customers for that. I never dreamed I would make so many friends and experience the kind of customer loyalty everyone has shown us over the many years.

We chose Culligan Water as the buyer over other interested parties, because of their commitment to customer service. We know that the new owner is committed to quality products and making the customer transition as smooth as possible. We hope you will stay as loyal to them as you have been to us.

Please feel free to contact our office with any questions or concerns while we finalize our agreement thru March 2023. You will receive all information needed as we move closer on the transition.

Thank you,

Tony Siao

President
